**Subject:** Submission of Six-monthly compliance reports of Proposed Group Housing Complex" at Plot No. - GH-01A, Sector-146, Noida, U.P., M/s Godrej Properties Ltd.

EC Identification No. - EC23B038UP185844 dated 20.09.2023

Dear Sir.

This has reference to the State Environment Impact Assessment Authority, Uttar Pradesh EC Identification No. - EC23B038UP185844 dated 20.09.2023 vide which we have been asked to submit the Compliance with the specific and general conditions

In view of above, we are approaching you by submitting a copy of the following information/ documents for your kind perusal:

- Point-wise compliance of the stipulated environmental conditions/ safeguards.
   (December 2024)
- 2. Environmental monitoring reports.

We fully assure you that we will comply with all conditions as specified in the Environment Clearance granted us.

Thanking you,

Yours Sincerely,

GODREJ PROPERTIES LTD.

#### Additional Conditions: -

S. No.	Conditions	Reply
1.	The project proponent shall submit within one month ATR for certified compliance report and approved building plan.	Annexure 1- Building Plan Approval
2.	The project proponent shall submit within the next 3 months the details of solar power plant and solar electrification details within the project.	Noted. However, vendor finalization is under process and same will submitted once it's finalized by the management.
3.	The project proponent shall ensure to plant broad leaf trees and their maintenance. The CPCB guidelines in this regard shall be followed.	Agreed. Plantation of broad leave trees shall be ensured.
4.	The project proponent shall submit within the next 3 months the details on quantification of year wise CER activities along with cost and other details. CER activities must not be less 2% of the project cost. The CER activities should be related to mitigation of Environmental Pollution and awareness for the same.	CER Plan is already submitted at the time of Clearance to the department. Compliance to that will be submitted with subsequent compliance report.
5.	The project proponent shall submit within the next 3 months the details of estimated construction waste generated during the construction period and its management plan.	Duly Noted & Agreed.
6.	The project proponent shall submit within the next 3 months the details of segregation plan of MSW.	Agreed, however it is not applicable as of now. We will submit the details once it is started at site.
7.	The project proponent shall ensure that waste water is properly treated in STP and maximum amount should be reused for gardening flushing system and washing etc. For reuse of water for irrigation sprinkler and drip irrigation system shall be installed and maintained for proper function. Part of the treated sewage, if discharged to sewer line, shall meet the prescribed standards for the discharge.	Duly Noted & Agreed. Provision for dual plumbing has been considered in the project and details of the same was submitted and explained at the time of Environment Clearance.

8.	Under any circumstances untreated	Duly noted and agreed
0.	sewage shall not be discharged to	Buly noted and agreed
	municipal sewer line.	
9.	The project proponent will ensure that	•Water sprinkling is being done
<b>)</b> .	proper dust control arrangements are	regularly to control dust during
	made during construction and proper	construction phase. The construction
	display board is installed at the site to	<u> </u>
	inform the public the steps taken to	material is covered by tarpaulin and all
	1	other precautions are taken care to ensure
	control air pollution as per the	that no dust particles are permitted to
	Construction and Demolition Waste	pollute air quality.
	Management	• All the trucks or vehicles being used for
	Rules.	construction purposes/or are carrying any
		construction material are fully covered.
10.	The project proponent shall install	Agreed, shall be compiled
	micro solar power plants, toilets in	
	nearby villages, public place or school	
	from CER fund of the project for which	
	E.C is granted in addition to and water	
	harvesting pits and carbon	
	sequestration parks / designed	
	ecosystems.	
11.	A certificate from Forest Department	Duly noted and agreed, Project do not
	shall be obtained that no forest land is	contain any type of forest Land
	involved and if forest land is involved	J J1
	the project proponent shall obtain	
	forest clearance and permission of	
	Central and State Government as per	
	the provisions of Forest (conservation)	
	Act, 1980 and submit before the start of	
	work. If the proposed project is situated	
	in notified area of ground water	
	extraction, where creation of new wells	
	for ground water extraction is not	
	allowed, requirement of fresh water shall be met from alternate water	
	sources other than ground water or	
	legally valid source and permission	
	from the competent authority shall be	
10	obtained to use it.	
12.	Provision for charging of electric	Duly noted and agreed
	vehicles as per the guidelines of GoI	
	/GoUP should be submitted within the	
	next 3 months.	
13.	PP should display EC granted to them	Duly noted and agreed Annexure
	on their website. 6-monthly	Annexure 2 Environment Clearance Letter
	compliance report should be displayed	
	on their website and to be given every	
	six months to residents / occupants of	
	the building.	
	<del>-</del>	

1.4	FG: (1 1/4 4 11/4 4 4	D1 (1 1 1
14.	EC is granted with the condition that	Duly noted and agreed
	EC is valid only for the building plan	
	which has been submitted by PP for	
	seeking EC. In case approved building	
	plan is different from the one submitted	
	for seeking EC then this EC will stand	
	null and void.	
15.	In compliance to Hon'ble Supreme	Duly noted and agreed, to supress the dust
	Court order dated 13/01/2020 in IA no.	generated anti-smog Gun will be used.
	158128/2019 and 158129/2019 in Writ	
	petition no. 13029/1985 (MC Mehta vs	
	GOI and others) anti-smog guns shall	
	be installed to reduce dust during	
	excavation.	
16.	DG sets shall be gas based and	Duly noted and agreed
	Guidelines issued by CAAQMS for	
	NCR region regarding the use of DG	
	sets during construction and	
	operational phase should be followed.	
17.	Project proponent is advised to explore	Duly noted and agreed
	the possibility and getting the cement in	
	a closed container rather through the	
	plastic bag to prevent dust emissions at	
	the time of loading/unloading.	
18.	Project proponent should ensure that	Duly noted and agreed
	there will be no use of "Single use of	
	Plastic" (SUP).	
19.	In compliance to Hon'ble Supreme	Duly noted and agreed, to supress the dust
	Court order dated 13/01/2020 in IA no.	generated anti-smog Gun will be used
	158128/2019 and 158129/2019 in Writ	
	petition no. 13029/1985 (MC Mehta	
	Vs. GoI and others) anti-smog guns	
	shall be installed to reduce dust during	
	excavation.	
20.	The proponent should provide the	Duly noted and agreed
	sufficient electric vehicle charging	
	points as per the requirements at	
	ground level and allocate the safe and	
	suitable place in the premises for the	
	same.	
21.	The project proponent should develop	Duly noted and agreed
	green belt in the housing scheme as per	
	the plan submitted and also follow the	
	guidelines of CPCB/Development	
	authority for green belt as per the	
	norms. The project proponent will	
	prepare working plan of	
	plantation/green belt development	
	showing type of plant species and their	
	spacing in consultation with subject	

	expert/ forest department and submit to	
	the forest department and concerned	
	regulatory authority and ensure their	
	survival and sustainability.	
22.	Project proponent should invest the	Duly noted and agreed
	CSR amount as per the proposal and	
	submit the compliance report regularly	
	to the concerned authority/Directorate	
	of environment.	
23.	Proponent shall provide the dual	Dual pipeline network will be provided in
	pipeline network in the project for	the project for utilization of treated water
	utilization of treated water of STP for	of STP for different purposes and also
	different purposes and also provide the	provide the monitoring mechanism for the
	monitoring mechanism for the same.	same. STP treated water will not be
	STP treated water not to be discharged	discharged outside the premises without
	outside the premises without the	the permission of the concerned authority.
	permission of the concerned authority.	
24.	The project proponent will ensure full	Duly noted and agreed
	exploitation of potential of rain water	
	harvesting for storage and recharging	
	and also treated wastewater in order to	
	reduce the withdrawal of fresh water	
	and accordingly use the three sources	
	of water supply namely stored rain	
	water, treated wastewater and the fresh	
	water. The project proponent shall also	
	provide a flow measuring device along	
	with flow integrator for monitoring the	
	various sources of water supply namely	
	fresh water, treated waste water and	
	stored harvested rain water.	
25.	The project proponent will ensure the	Duly noted and agreed
	quality of construction water as per	
	standards and specifications of relevant	
	codes in order to prevent possible	
	corrosion in concrete, reinforcements	
	and other structural components in	
	order to avoid adverse social and	
	environmental impacts.	
26.	The project proponent will ensure	Duly noted and agreed
	exploitation of maximum possible	
	potential of solar energy generation in	
	the proposed project area and prefer to	
	use it instead of conventional	
	electricity in order to reduce the Green	
	House Gas Emission causing climate	
	change.	
27.	The project proponent will make	Duly noted and agreed
	necessary arrangement to get Structural	
	auditing conducted by an expert	
<u> </u>	additing conducted by an expert	

institution once in 5 years during life
span of the building to ensure safe life
of the residents and prevent
environmental and social hazards.

#### Statutory compliance: -

S. No.	Conditions	Reply
1.	The project proponent shall obtain all necessary clearance/ permission from all relevant agencies including town planning authority before commencement of work. All the construction shall be done in accordance with the local building byelaws.	Duly noted and agreed. However, all the necessary permissions are in place and attached as annexures
2.	The approval of the Competent Authority shall be obtained for structural safety of buildings due to earthquakes, adequacy of firefighting equipment etc. as per National Building Code including protection measures from lightning etc.	Agreed. Structural Safety certificate is in place.  Annexure 3 Structural Certificate
3.	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.	Not applicable as the land allotted is as per the Master Plan of the Noida Development Authority
4.	The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.	NA
5.	The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.	Consent to Establish/Operate for the project from the State Pollution Board/Committee as required under the Air (Prevention and Control of Pollution) Act, 1981 and the Water (Prevention and Control of Pollution) Act, 1974 has been obtained before the start of the construction and attached as Annexure 4 CTE Certificate
6.	The project proponent shall obtain the necessary permission for drawl of ground water / surface water required for the project from the competent authority.	Duly noted and agreed
7.	A certificate of adequacy of available power from the agency supplying power to the project along with the load	Duly noted and agreed.

	allowed for the project should be	
	obtained.	
8.	All other statutory clearances such as	Duly noted and agreed. However, all the
	the approvals for storage of diesel from	clearances/permission are in place and
	Chief Controller of Explosives, Fire	attached as annexure.
	Department, and Civil Aviation	Annexure 5 AAI NoC
	Department shall be obtained, as	
	applicable, by project proponents from	
	the respective competent authorities.	
9.	The provisions of the Solid Waste	Duly noted and agreed.
	(Management) Rules, 2016, e-Waste	
	(Management) Rules, 2016, and the	
	Plastics Waste (Management) Rules,	
	2016 shall be followed.	
10.	The project proponent shall follow the	Duly noted and agreed.
	ECBC/ECBC-R prescribed by Bureau	
	of Energy Efficiency, Ministry of	
	Power strictly.	

#### 2. Air quality monitoring and preservation: -

S. No.	Conditions	Reply
1.	Notification GSR 94(E) dated	Duly noted and agreed.
	25.01.2018 of MoEF&CC regarding	
	Mandatory Implementation of Dust	
	Mitigation Measures for Construction	
	and Demolition Activities for projects	
	requiring Environmental Clearance	
	shall be complied with.	
2.	A management plan shall be drawn up	Duly noted and agreed.
	and implemented to contain the current	
	exceedance in ambient air quality at the	
	site.	
3.	The project proponent shall install	
	system to carryout Ambient Air	reports are attached as annexure-3
	Quality monitoring for	Annexure 6 Monitoring Reports
	common/criterion parameters relevant	
	to the main pollutants released (e.g.	
	PM10 andPM25) covering upwind and	
	downwind directions during the	
4	construction period.	Dalameted and assessed Dhatas much assessed
4.	Construction site shall be adequately	Duly noted and agreed. Photographs are
	barricaded before the construction	attached for your kind perusal.
	begins. Dust, smoke & other air pollution prevention measures shall be	
	provided for the building as well as the	
	site. These measures shall include	
	,	
	screens for the building under construction, continuous dust/ wind breaking walls all around the site (at	

	1 . 2 . 1 . 1 . 1 . 1 . 1 . 1 . 1 . 1 .	
	least 3-meter height). Plastic/tarpaulin sheet covers shall be provided for	
	vehicles bringing in sand, cement,	
	murram and other construction	
	materials prone to causing dust	
	pollution at the site as well as taking out	
	debris from the site.	
5.	Sand, murram, loose soil, cement,	Duly noted and agreed. Photographs are
	stored on site shall be covered	attached for your kind perusal.
	adequately so as to prevent dust	
	pollution.	
6.	Wet jet shall be provided for grinding	Duly noted and agreed
	and stone cutting.	
7.	Unpaved surfaces and loose soil shall	Duly noted and agreed
	be adequately sprinkled with water to	
0	suppress dust.	Delegated and sound
8.	All construction and demolition debris	Duly noted and agreed
	shall be stored at the site (and not dumped on the roads or open spaces	
	outside) before they are properly	
	disposed. All demolition and	
	construction waste shall be managed as	
	per the provisions of the Construction	
	and Demolition Waste Rules 2016.	
9.	The diesel generator sets to be used	Duly noted and agreed
	during construction phase shall be low	
	sulphur diesel type and shall conform	
	to Environmental (Protection)	
	prescribed for air and noise mission	
	standards.	
10.	The gaseous emissions from DG set	Duly noted and agreed
	shall be dispersed through adequate	
	stack height as per CPCB standards.	
	Acoustic enclosure shall be provided to	
	the DG sets to mitigate the noise	
	pollution. The location of the DG set	
	and exhaust pipe height shall be as per	
	the provisions of the Central Pollution	
11	Control Board (CPCB) norms.	Duly noted and correct
11.	For indoor air quality the ventilation	Duly noted and agreed
	provisions as per National Building Code of India.	
	Code of Illuia.	

### 3. Water quality monitoring and preservation: -

S. No.	Conditions	Reply
1.	The natural drain system should be	Duly noted and agreed
	maintained for ensuring	
	unrestricted flow of water. No	

obstruct the natural drainage through the site, on wetland and water bodies. Check dams, bioswales, landscape, and other sustainable urban drainage systems (SUDS) are allowed for maintaining the drainage pattern and to harvest rain water.  2. Buildings shall be designed to follow the natural topography as much as possible. Minimum cutting and filling should be done.  3. Total fresh water use shall not exceed the proposed requirement as provided in the project details.  4. The quantity of fresh water usage, water recycling and rainwater harvesting shall be measured and recorded to monitor the water balance as projected by the project proponent. The record shall be submitted to the Regional Office, MoEF&CC along with six monthly Monitoring reports.  5. A certificate shall be obtained from the local body supplying water, specifying the total annual water availability with the local authority, the quantity of water already committed, the quantity of water allotted to the project under consideration and the balance water available. This should be specified separately for ground water and surface water sources, ensuring that there is no impact on other users.  6. At least 20% of the open spaces as required by the local building bye-laws shall be pervious. Use of Grass pavers, paver blocks with at least 50% opening, landscape etc. would be considered as pervious surface.  7. Installation of dual pipe plumbing for supplying fresh water for drinking, landscape irrigation car washing, thermal cooling, conditioning etc. shall, the demand of fresh water requirement.			
the natural topography as much as possible. Minimum cutting and filling should be done.  3. Total fresh water use shall not exceed the proposed requirement as provided in the project details.  4. 	low flow faucets tap aerators etc.) for	
	water conservation shall be	
	incorporated in the building plan.	
9.	Use of water saving devices/ fixtures	Duly noted and agreed.
	(viz. low flow flushing systems; use of	
	low flow faucets tap aerators etc.) for	
	water conservation shall be	
	incorporated in the building plan.	
10.	Water demand during construction	Duly noted and agreed.
10.	should be reduced by use of pre-mixed	Bury noted and agreed.
	l	
	concrete, curing agents and other best	
4.4	practices referred.	
11.	The local bye-law provisions on rain	Duly noted and agreed.
	water harvesting should be followed. If	
	local byelaw provision is not available,	
	adequate provision for storage and	
	recharge should be followed as per the	
	Ministry of Urban Development Model	
	Building Byelaws, 2016. Rain water	
	harvesting recharge pits/storage tanks	
	shall be provided for ground water	
	_	
12	recharging as per the CGWB norms.	D 1
12.	A rain water harvesting plan needs to	Duly noted and agreed.
	be designed where the recharge bores	
	of minimum one recharge bore per	
	5,000 square meters of built up area and	
	storage capacity of minimum one day	
	of total fresh water requirement shall be	
	provided. In areas where ground water	
	recharge is not feasible, the rain water	
	should be harvested and stored for	
	reuse. The ground water shall not be	
	withdrawn without approval from the	
	Competent Authority.	
	Competent Authority.	
10		
13.	All recharge should be limited to	Duly noted and agreed.
	shallow aquifer.	
14.	No ground water shall be used during	STP treated water is being purchased for
	construction phase of the project.	the use of construction, no ground water
		will be used for construction.
15.	Any ground water dewatering should	Agreed, in case of ground water, proper
	be properly managed and shall conform	permission from the competent authority
	to the approvals and the guidelines of	will be obtained.
	the CGWA in the matter. Formal	oe oomined.
	approval shall be taken from the	
	CGWA for any ground water	
	abstraction or dewatering.	
16.	The quantity of fresh water usage,	Duly noted and agreed
	water recycling and rainwater	

	harvesting shall be measured and	
	recorded to monitor the water balance	
	as projected by the project proponent.	
	The record shall be submitted to the	
	Regional Office, MoEF&CC along	
	with six monthly Monitoring reports.	
17.	Sewage shall be treated in the STP with	Agreed, In house STP is proposed at the
17.	I =	
	tertiary treatment. The treated effluent	site which will treat waste water up to the
	from STP shall be recycled/re-used for	tertiary level and treated water will be re
	flushing, AC make up water and	used for flushing, landscaping and other
	gardening. As proposed, not related	purposes within the site premises.
	water shall be disposed in to municipal	
	drain.	
18.	No sewage or untreated effluent water	Duly noted and agreed.
	would be discharged through storm	
	water drains.	
19.	Onsite sewage treatment of capacity of	Duly noted and same has been proposed
	treating 100% waste water to be	
	installed. The installation of the	
	Sewage Treatment Plant (STP) shall be	
	certified by an independent expert and	
	a report in this regard shall be	
	submitted to the Ministry before the	
	project is commissioned for operation.	
	Treated waste water shall be reused on	
	site for landscape, flushing, cooling	
	tower, and other end-uses. Excess	
	treated water shall be discharged as per	
	statutory norms notified by Ministry of	
	Environment, Forest and Climate	
	Change. Natural treatment systems	
	shall be promoted.	
20.	Periodical monitoring of water quality	Duly noted and agreed.
20.	of treated sewage shall be conducted.	Dury noted and agreed.
	Necessary measures should be made to	
	mitigate the odor problem from STP.	
21.	Sludge from the onsite sewage	Duly noted and agreed.
41.	treatment, including septic tanks, shall	Dury noted and agreed.
	be collected, conveyed and disposed as	
	per the Ministry of Urban	
	Development, Centre Public Health	
	and Environmental Engineering	
	Organization (CPHEEO) Manual on	
	Sewerage and Sewage Treatment	
	Systems, 2013.	

#### 4. Noise monitoring and prevention: -

S. No.	Conditions	Reply
1.	Ambient noise levels shall conform to residential area/commercial area/industrial area/silence zone both during day and night as per Noise Pollution (Control and Regulation) Rules, 2000. Incremental pollution loads on the ambient air and noise quality shall be closely monitored during construction phase. Adequate measures shall be made to reduce ambient air and noise level during	Duly noted and agreed. Ambient air and noise quality is being closely monitored at the site. Noise level at the site is within the limit however, proper mitigation measures are being made for the air and noise pollution control.
2.	construction phase, so as to conform to the stipulated standards by CPCB / SPCB.  Noise level survey shall be carried as	Duly noted and being submitted with six-
	per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.	monthly compliance report periodically.
3.	Acoustic enclosures for DG sets, noise barriers for ground-run bays, ear plugs for operating personnel shall be implemented as mitigation measures for noise impact due to ground sources.	Duly noted and agreed.

#### 5. Energy Conservation measures: -

S. No.	Conditions	Reply
1.	Compliance with the Energy	Duly noted and agreed.
	Conservation Building Code (ECBC)	
	of Bureau of Energy Efficiency shall be	
	ensured. Buildings in the States which	
	have notified their own ECBC, shall	
	comply with the State ECBC.	
2.	Outdoor and common area lighting	Duly noted and agreed.
	shall be LED.	
3.	Concept of passive solar design that	Agreed. The concept of passive solar
	minimize energy consumption in	design emphasizes architectural design
	buildings by using design elements,	approaches that minimize building energy
	such as building orientation,	consumption by integrating conventional
	landscaping, efficient building	energy-efficient devices, such as
	envelope, appropriate fenestration,	mechanical and electrical pumps, fans,
	increased day lighting design and	lighting fixtures, and other equipment,
	thermal mass etc. shall be incorporated	with passive design elements, such as
	in the building design. Wall, window,	building sitting, an efficient envelope,

	and roof u-values shall be as per ECBC specifications.	appropriate amounts of fenestration, increased day lighting design, and thermal mass. The basic idea of passive solar design is to allow daylight, heat, and airflow into a building only when beneficial.  • The project layout has been finalized after careful sitting consideration of various components to optimize availability of natural sunlight. Advanced Solar Passive Techniques are employed to achieve energy efficiency.  • The orientation of the building will be done in such a way that maximum daylight is available.  • Lesser opening will be provided on the west facing walls.  • Landscape and greens areas will be so spaced so as to cool the surrounding environment, which will reduce energy consumption.
4.	Energy conservation measures like installation of CFLs/ LED for the lighting the area outside the building should be integral part of the project design and should be in place before project commissioning.	Duly noted and agreed
5.	Solar, wind or other Renewable Energy shall be installed to meet electricity generation equivalent to 1% of the demand load or as per the state level/local building bye-laws requirement, whichever is higher.	Duly noted and agreed
6.	Solar power shall be used for lighting in the apartment to reduce the power load on grid. Separate electric meter shall be installed for solar power. Solar water heating shall be provided to meet 20% of the hot water demand of the commercial and institutional building or as per the requirement of the local building bye-laws, whichever is higher. Residential buildings are also recommended to meet its hot water demand from solar water heaters, as far as possible.	Duly noted and agreed and same will be done to the maximum extent.

#### 6. Waste Management: -

S. No.	Conditions	Reply
1.	A certificate from the competent authority handling municipal solid	
	wastes, indicating the existing civic capacities of handling and their	
	adequacy to cater to the M.S.W. generated from project shall be	
	obtained.	
2.	Disposal of muck during construction phase shall not create any adverse	Duly noted and agreed and same being complied.
	effect on the neighbouring	_
	communities and be disposed taking the necessary precautions for general	
	safety and health aspects of people,	
	only in approved sites with the	
	approval of competent authority.	
3.	Separate wet and dry bins must be	Duly noted and agreed during the
	provided in each unit and at the ground	construction and operational phase.
	level for facilitating segregation of	
	waste. Solid waste shall be segregated	
4.	into wet garbage and inert materials.	Duly noted and agreed
4.	Organic waste compost/ Vermiculture pit/ Organic Waste Converter within	Duly noted and agreed
	the premises with a minimum capacity	
	of 0.3 kg/person/day must be installed.	
5.	All non-biodegradable waste shall be	Duly noted and agreed
	handed over to authorized recyclers for	, c
	which a written tie up must be done	
	with the authorized recyclers.	
6.	Any hazardous waste generated during	Duly noted and agreed
	construction phase, shall be disposed	
	off as per applicable rules and norms	
	with necessary approvals of the State Pollution Control Board.	
7.	Use of environment friendly materials	Duly noted and agreed
,.	in bricks, blocks and other construction	2 ary notice and agreed
	materials, shall be required for at least	
	20% of the construction material	
	quantity. These include Fly Ash bricks,	
	hollow bricks, AACs, Fly Ash Lime	
	Gypsum blocks, Compressed earth	
	blocks, and other environment friendly materials.	
8.	Fly ash should be used as building	Duly noted and agreed
o.	material in the construction as per the	Dury noted and agreed
	provision of Fly Ash Notification of	
	September, 1999 and amended as on	
	27th August, 2003 and 25 <sup>th</sup> January,	

	2016. Ready mixed concrete must be used in building construction.	
9.	Any wastes from construction and demolition activities related thereto	generated at site is carefully stored and is being transported and disposed as per the
10.	Used CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/ rules of the regulatory authority to avoid mercury contamination.	Duly noted and agreed

#### 7. Green Cover: -

S. No.	Conditions	Reply
1.	No tree can be felled/transplant unless exigencies demand. Where absolutely necessary, tree felling shall be with prior permission from the concerned regulatory authority. Old trees should be retained based on girth and age regulations as may be prescribed by the Forest Department. Plantations to be ensured species (cut) to species (planted).	Duly noted and agreed
2.	A minimum of 1 tree for every 80 sqm. of land should be planted and maintained. The existing trees will be counted for this purpose. The landscape planning should include plantation of native species. The species with heavy foliage, broad leaves and wide canopy cover are desirable. Water intensive and/or invasive species should not be used for landscaping.	Duly noted and agreed
3.	Where the trees need to be cut with prior permission from the concerned local Authority, compensatory plantation in the ratio of 1:10 (i.e. planting of 10 trees for every 1 tree that is cut) shall be done and maintained. Plantations to be ensured species (cut) to species (planted). Area for green belt development shall be provided as per the details provided in the project document.	Duly noted and agreed

Ī	4.	Topsoil should be stripped to a depth of	Duly noted and agreed
		20 cm from the areas proposed for	
		buildings, roads, paved areas, and	
		external services. It should be	
		stockpiled appropriately in designated	
		areas and reapplied during plantation of	
		the proposed vegetation on site.	

#### 8. Transport: -

S. No.	Conditions	Reply
1.	A comprehensive mobility plan, as per MoUD best practices guidelines (URDPFI), shall be prepared to include motorized, non-motorized, public, and private networks. Road should be designed with due consideration for environment, and safety of users. The road system can be designed with these basic criteria.  a. Hierarchy of roads with proper segregation of vehicular and pedestrian traffic.  b. Traffic calming measures.  c. Proper design of entry and exit points.  d. Parking norms as per local regulation.	Duly noted and agreed
2.	Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards be operated only during non-peak hours.	Duly noted and agreed
3.	A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 05 Kms radius of the site in different scenarios	Duly noted and agreed

of space and time and the traffic	
management plan shall be duly	
validated and certified by the State	
Urban Development department and	
the P.W.D./ competent authority for	
road augmentation and shall also have	
their consent to the implementation of	
components of the plan which involve	
the participation of these departments.	

#### 9. Human health issues: -

S. No.	Conditions	Reply
1.	All workers working at the construction site and involved in loading, unloading, carriage of construction material and construction debris or working in any area with dust pollution shall be provided with dust mask.	Duly noted and same being complied.
2.	For indoor air quality the ventilation provisions as per National Building Code of India.	Duly noted and agreed.
3.	Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.	Duly noted and agreed.
4.	Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.	Duly noted and agreed.
5.	Occupational health surveillance of the workers shall be done on a regular basis.	Duly noted and agreed.
6.	A First Aid Room shall be provided in the project both during construction and operations of the project.	First aid room facility for the construction worker has been given at the site same will be provided in the operational stage also

#### 10. Corporate Environment Responsibility: -

S. No.	Conditions	Reply
1.	The project proponent shall comply	Duly noted and agreed
	with the provisions contained in this	
	Ministry's OM vide F.No. 22-65/2017-	
	IA.III dated 1st May 2018, as	
	applicable, regarding Corporate	
	Environment Responsibility.	
2.	The company shall have a well laid	Duly noted and agreed
	down environmental policy duly	
	approved by the Board of Directors.	
	The environmental policy should	
	prescribe for standard operating	
	procedures to have proper checks and	
	balances and to bring into focus any	
	Infringements /deviation/violation of	
	the environmental / forest / wildlife	
	norms / conditions. The company shall	
	have defined system of reporting	
	infringements / deviation / violation of	
	the environmental / forest / wildlife	
	norms / conditions and / or	
	shareholders / stake holders. The copy	
	of the board resolution in this regard	
	shall be submitted to the MoEF&CC as	
	a part of six-monthly report.	D.1. (1.1.1.1.1.1.1.1.1.1.1.1.1.1.1.1.1.1
3.	A separate Environmental Cell both at	Duly noted and agreed
	the project and company head quarter	
	level, with qualified personnel shall be	
	set up under the control of senior	
	Executive, who will directly to the head of the organization.	
4.	Action plan for implementing EMP and	Duly noted and agreed.
4.	environmental conditions along with	Dury noted and agreed.
	responsibility matrix of the company	
	shall be prepared and shall be duly	
	approved by competent authority. The	
	year wise funds earmarked for	
	environmental protection measures	
	shall be kept in separate account and	
	not to be diverted for any other	
	purpose. Year wise progress of	
	implementation of action plan shall be	
	reported to the Ministry/Regional	
	Office along with the Six-Monthly	
	Compliance Report.	
	Compilated Report.	

#### 11. Miscellaneous: -

S. No.	Conditions	Reply
1.	The project proponent shall prominently advertise it at least in two	Duly noted and agreed
	local newspapers of the District or	Annexure
	State, of which one shall be in the	Annexure 7 News Paper Cutting
	vernacular language within seven days	, ,
	indicating that the project has been	
	accorded environment clearance and	
	the details of MoEFCC/SEIAA website	
	where it is displayed.	
2.	The copies of the environmental	Duly noted and agreed
	clearance shall be submitted by the	5
	project proponents to the Heads of local	
	bodies, Panchayats and Municipal	
	Bodies in addition to the relevant	
	offices of the Government who in turn	
	has to display the same for 30 days	
	from the date of receipt.	
3.	The project proponent shall upload the	Duly noted and agreed
	status of compliance of the stipulated	
	environment clearance conditions,	
	including results of monitored data on	
	their website and update the same on	
	half-yearly basis.	
4.	The project proponent shall submit six-	Duly noted & agreed
	monthly reports on the status of the	
	compliance of the stipulated	
	environmental conditions on the	
	website of the ministry of	
	Environment, Forest and Climate	
	Change at environment clearance	
5.	The project proponent shall submit the	Duly noted and agreed
J.	The project proponent shall submit the environmental statement for each	Dury noted and agreed
	financial year in Form-V to the	
	concerned State Pollution Control	
	Board as prescribed under the	
	Environment (Protection) Rules, 1986,	
	as amended subsequently and put on

Date: 08-06-2023

From
The Chief Executive Officer,
New Okhla Industrial Development Authority,
NOIDA Uttar Pradesh

To M/S GODREJ PROPERTIES LTD GH - U.M. HOUSE, 3RD FLOOR, TOWER A, PLOT NO 35 SECTOR 44 GURGAON

Sir / Madam,

With reference to your application no. 2023/03/28/8690 dated 2023-03-28 02:59:38 for grant of sanction of Group Housing building plan for plot no. - 01A, block no. GH, in Sector - 146, NOIDA U.P,Total Proposed Area-166000,Proposed Ground Coverage-8318.17 ,Proposed FAR-104667.39,Permissible Ground Coverage-8750.000,Permissible FAR-105000.000,. It is to inform that the sanction request is being conceded by the Noida Authority under the following conditions mentioned below for your ready reference.

- 1. This sanction is granted under the provision of the New Okhla Industrial Development Area Building regulations-2010 (As Amended).
- 2. This map is valid upto 5 years from the date of issue of sanction letter (as per time per time provided lease deed).
- 3. After completion of the construction, allottee have to apply for occupancy certificate within validity period along with necessary documents as mentioned in the Apendix-9 (Checklist 9A) of the New Okhla Industrial Development Area Building regulations-2010 (As Amended).
- 4. If demanded by the Authority, allottee shall be liable to pay charges for the provision of any further facilities/development/improvement.
- 5. A copy of the sanction drawing and letter shall always be kept at site and shall be made available to any officer of the Authority on demand.
- 6. No addition/alteration is permitted in the sanctioned drawings. For any changes, prior permission is required from the Authority.
- 7. Allottee and Architect shall be responsible for carrying out the work in accordance with the provision of the New Okhla Industrial Development Area building regulation-2010 (As Amended).
- 8. Allottee shall be required to follow the terms & condition as mentioned in various NOC's issued by different organization of State/Central Government from time to time.
- 9. No activities/Use shall be permitted in the premises other than as prescribed in Broucher / Allotment letter/Lease deed.
- 10. Building shall not be occupied before getting completion certificate from the Authority.
- 11. If there is any dispute arises related with ownership of the property, it would be sole responsibility of the owner.
- 12. During construction period, building material shall be placed in such a way that no traffic movement should be blocked.
- 13. The allottee has to follow all directions/ orders issued by National Green Tribunal/ Code/Commissions from time to
- 14. No parking of any kind shall be permitted outside premises and adjoining road of the plot.
- 15. No ground water shall be allowed to extract for construction of the building, without prior permission of Central Ground Water Authority.
- 16. Provision of Rain Water Harvesting and solid waste Management shall be made as per norms.
- 17. At the time of completion of project, Service shall be provided as per norms in service floor otherwise area of service floor shall be counted in main FAR.
- 18. Allottee has to take STP water from NOIDA Authority for building construction.
- 19. The construction work will be started only after getting Environmental NOC under relevant act. (If Applicable).

20.	The construction Applicable)	work bey	ond the	height o	of 30	mtrs.	Shall	be	done	after	getting	NOC	from	Airport	Authority	(If

Sub: Environmental Clearance for Proposed Group Housing Complex" at Plot No. - GH-01A, Sector-146, Noida, U.P., M/s Godrej Properties Ltd.

Dear Sir,

This is with reference to your application / letter dated 06-04-2023, 05-04-2023, 26-04-2023, 12-06-2023 & 29-08-2023 on above mentioned subject. The matter was considered by 764th SEAC in meeting held on 14-06-2023 and 754th SEIAA meeting held on 08-09-2023.

A presentation was made by the project proponent along with their consultant M/s Perfact Enviro Solutions Pvt. Ltd to SEAC on 14-06-2023.

#### Project Details Informed by the Project Proponent and their Consultant

The project proponent, through the documents and presentation gave following details about their project -

- 1. The environmental clearance is sought for "Group Housing Complex" at Plot No. GH-01A, Sector-146, Noida, U.P., M/s Godrej Properties Ltd.
- 2. The terms of reference in the matter were issued through online Parivesh Portal on 30/01/2023 and EIA report submitted by the project proponent on 06/04/2023.
- 3. The total plot area of the project is 25,000.00 m<sup>2</sup> (6.177 Acre) and the built-up area of the project will be 267,596.00 m<sup>2</sup>.
- 4. The project will include activities such as Dwelling Units 800 nos, 5 Residential Towers, 2 Community Facility (Club), 1 Convenience Shopping & Guard Room.
- 5. Area details:

Particulars	Unit	Details
Green Area (Softscape + Hardscape)	m <sup>2</sup>	7,500.00
Open & Road Area	m <sup>2</sup>	7999.62
Towers	No.	5 Residential Towers + 2 Community
	its it	Facility (Club) + 1 Convenient Shopping +
		Guard Room
Maximum no. of floors	No.	2B+2P+40
Level of Basement	LvL	2
Height of building	m	134
Dwelling units	No.	800

6. Salient features of the project:

Particulars	Unit	Details
Total Water Requirement	KLD	618
Fresh Water Requirement	KLD	366
Waste Water Generation	KLD	491
STP Capacity	KLD	700

Treated Water Generation	KLD	442
Treated Water Reuse	KLD	252
Excess treated water (will be given to nearby green	KLD	190
areas and parks after consultation with Noida Authority. The project will be ZLD)		
Solid Waste generation	kg/day	1883
Biodegradable Waste	kg/day	1146
Non-Biodegradable Waste	kg/day	736
Power load	KW	7,863
DG sets	kVA	2 X 2250, 4 X 2000
Parking Required	ECS	1320
Parking Provision	ECS	1500
Rainwater Collection Tank	No.	01

#### 7. Land use details:

Particulars	Area (m²)	Percentage (%)
Ground Coverage	9500.38	38.0
Green area	7500.00	30.0
Open and Road Areas	7999.62	32.0
Total	25,000.00	100.0

#### 8. Population details:

Particulars	Unit	Details
Residents	No.	4,000
Dwelling unit @5		
Staff	No.	150
Visitors	No.	400
POPULATION	No.	4,550

#### 9. Water calculation details:

WATER Manag	WATER Management Source: NOIDA Supply							
0	Population	Factor	Water	Domestic	Flushing	Waste		
	7		requirement			discharge		
Domestic	3							
Resident	4000	135	540	360	180			
Staff	150	45	7	4	3			
shop Visitor	400	15	6	2	4			
Sub Total	4550	Dro-	553	366	187			
Noida Supply		.cc1	Sit SI	266				
Utilization of			- ,, -	100				
Rain water								
Waste water				293	187	480		
Gardening	3 l/sqm		23			0		
Cooling water			10			3		
Misc			10			8		
including								
water body								
Total Water			595			491		
requirement								
in KLD								

10. Solid waste generation details:

Solid waste generation	Population	Factor	Total Waste
			Kg/Day
Resident	4,000	0.45	1,800
Staff	150	0.15	23
shop Visitor	400	0.15	60
Sub Total	4,550		1,883
Total Municipal waste			1,883
Biodegradable waste			1,130
(60%)			
	Green Area= 7500 sqm	1.85 x 1 kg	1.85
	(=1.85 acres)	2	
STP sludge	491*3%	20	15
Total biodegradable	5161	(60)	1,146
waste	75	YA	
Total Non Biodegradable		1601	736
waste			
(40%)			
Recyclable waste			368.2
Plastic waste			368.2

11. The project proposal falls under category–8(b) of EIA Notification, 2006 (as amended).

Based on the recommendations of the State Level Expert Appraisal Committee Meeting (SEAC) held on 14-06-2023 the State Level Environment Impact Assessment Authority (SEIAA) in its Meeting held 08-09-2023 discussed the matter and recommended grant of environmental clearance on the proposal as above alongwith specific and following standard environmental clearance conditions:

#### **Additional Conditions:**

- 1. The project proponent shall submit within one month ATR for certified compliance report and approved building plan.
- 2. The project proponent shall submit within the next 3 months the details of solar power plant and solar electrification details within the project.
- 3. The project proponent shall ensure to plant broad leaf trees and their maintenance. The CPCB guidelines in this regard shall be followed.
- 4. The project proponent shall submit within the next 3 months the details on quantification of year wise CER activities along with cost and other details. CER activities must not be less 2% of the project cost. The CER activities should be related to mitigation of Environmental Pollution and awareness for the same.
- 5. The project proponent shall submit within the next 3 months the details of estimated construction waste generated during the construction period and its management plan.
- 6. The project proponent shall submit within the next 3 months the details of segregation plan of MSW.
- 7. The project proponent shall ensure that waste water is properly treated in STP and maximum amount should be reused for gardening flushing system and washing etc. For reuse of water for irrigation sprinkler and drip irrigation system shall be installed and maintained for proper function. Part of the treated sewage, if discharged to sewer line, shall meet the prescribed standards for the discharge.
- 8. Under any circumstances untreated sewage shall not be discharged to municipal sewer line.

- 9. The project proponent will ensure that proper dust control arrangements are made during construction and proper display board is installed at the site to inform the public the steps taken to control air pollution as per the Construction and Demolition Waste Management Rules.
- 10. The project proponent shall install micro solar power plants, toilets in nearby villages, public place or school from CER fund of the project for which E.C is granted in addition to and water harvesting pits and carbon sequestration parks / designed ecosystems.
- 11. A certificate from Forest Department shall be obtained that no forest land is involved and if forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Forest (conservation) Act, 1980 and submit before the start of work. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate water sources other than ground water or legally valid source and permission from the competent authority shall be obtained to use it.
- 12. Provision for charging of electric vehicles as per the guidelines of GoI /GoUP should be submitted within the next 3 months.
- 13. PP should display EC granted to them on their website. 6-monthly compliance report should be displayed on their website and to be given every six month to residents / occupants of the building.
- 14. EC is granted with the condition that EC is valid only for the building plan which has been submitted by PP for seeking EC. In case approved building plan is different from the one submitted for seeking EC then this EC will stand null and void.
- 15. In compliance to Hon'ble Supreme Court order dated 13/01/2020 in IA no. 158128/2019 and 158129/2019 in Writ petition no. 13029/1985 (MC Mehta Vs GOI and others) anti-smog guns shall be installed to reduce dust during excavation.
- 16. DG sets shall be gas based and Guidelines issued by CAAQMS for NCR region regarding the use of DG sets during construction and operational phase should be followed.
- 17. Project proponent is advised to explore the possibility and getting the cement in a closed container rather through the plastic bag to prevent dust emissions at the time of loading/unloading.
- 18. Project proponent should ensure that there will be no use of "Single use of Plastic" (SUP).
- 19. In compliance to Hon'ble Supreme Court order dated 13/01/2020 in IA no. 158128/2019 and 158129/2019 in Writ petition no. 13029/1985 (MC Mehta Vs. Gol and others) anti-smog guns shall be installed to reduce dust during excavation.
- 20. The proponent should provide the sufficient electric vehicle charging points as per the requirements at ground level and allocate the safe and suitable place in the premises for the same.
- 21. The project proponent should develop green belt in the housing scheme as per the plan submitted and also follow the guidelines of CPCB/Development authority for green belt as per the norms. The project proponent will prepare working plan of plantation/green belt development showing type of plant species and their spacing in consultation with subject expert/ forest department and submit to the forest department and concerned regulatory authority and ensure their survival and sustainability
- 22. Project proponent should invest the CSR amount as per the proposal and submit the compliance report regularly to the concerned authority/Directorate of environment.
- 23. Proponent shall provide the dual pipeline network in the project for utilization of treated water of STP for different purposes and also provide the monitoring mechanism for the

- same. STP treated water not to be discharged outside the premises without the permission of the concerned authority.
- 24. The project proponent will ensure full exploitation of potential of rain water harvesting for storage and recharging and also treated wastewater in order to reduce the withdrawal of fresh water and accordingly use the three sources of water supply namely stored rain water, treated wastewater and the fresh water. The project proponent shall also provide a flow measuring device along with flow integrator for monitoring the various sources of water supply namely fresh water, treated waste water and stored harvested rain water.
- 25. The project proponent will ensure the quality of construction water as per standards and specifications of relevant codes in order to prevent possible corrosion in concrete, reinforcements and other structural components in order to avoid adverse social and environmental impacts.
- 26. The project proponent will ensure exploitation of maximum possible potential of solar energy generation in the proposed project area and prefer to use it instead of conventional electricity in order to reduce the Green House Gas Emission causing climate change.
- 27. The project proponent will make necessary arrangement to get Structural auditing conducted by an expert institution once in 5 years during life span of the building to ensure safe life of the residents and prevent environmental and social hazards.

#### Standard Environmental Clearance Conditions prescribed by MoEF&CC:

- 1. Statutory compliance:
  - 1. The project proponent shall obtain all necessary clearance/ permission from all relevant agencies including town planning authority before commencement of work. All the construction shall be done in accordance with the local building byelaws.
  - 2. The approval of the Competent Authority shall be obtained for structural safety of buildings due to earthquakes, adequacy of firefighting equipment etc as per National Building Code including protection measures from lightning etc.
  - 3. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
  - 4. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
  - The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.
  - 6. The project proponent shall obtain the necessary permission for drawl of ground water / surface water required for the project from the competent authority.
  - 7. A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.
  - 8. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department shall be obtained, as applicable, by project proponents from the respective competent authorities.
  - 9. The provisions of the Solid Waste (Management) Rules, 2016, e-Waste (Management) Rules, 2016, and the Plastics Waste (Management) Rules, 2016 shall be followed.
  - 10. The project proponent shall follow the ECBC/ECBC-R prescribed by Bureau of Energy Efficiency, Ministry of Power strictly.
- 2. Air quality monitoring and preservation:

- 1. Notification GSR 94(E) dated 25.01.2018 of MoEF&CC regarding Mandatory Implementation of Dust Mitigation Measures for Construction and Demolition Activities for projects requiring Environmental Clearance shall be complied with.
- 2. A management plan shall be drawn up and implemented to contain the current exceedance in ambient air quality at the site.
- 3. The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM10 and PM25) covering upwind and downwind directions during the construction period.
- 4. Construction site shall be adequately barricaded before the construction begins. Dust, smoke & other air pollution prevention measures shall be provided for the building as well as the site. These measures shall include screens for the building under construction, continuous dust/ wind breaking walls all around the site (at least 3 meter height). Plastic/tarpaulin sheet covers shall be provided for vehicles bringing in sand, cement, murram and other construction materials prone to causing dust pollution at the site as well as taking out debris from the site.
- 5. Sand, murram, loose soil, cement, stored on site shall be covered adequately so as to prevent dust pollution.
- 6. Wet jet shall be provided for grinding and stone cutting.
- 7. Unpaved surfaces and loose soil shall be adequately sprinkled with water to suppress dust.
- 8. All construction and demolition debris shall be stored at the site (and not dumped on the roads or open spaces outside) before they are properly disposed. All demolition and construction waste shall be managed as per the provisions of the Construction and Demolition Waste Rules 2016.
- The diesel generator sets to be used during construction phase shall be low sulphur diesel type and shall conform to Environmental (Protection) prescribed for air and noise mission standards.
- 10. The gaseous emissions from DG set shall be dispersed through adequate stack height as per CPCB standards. Acoustic enclosure shall be provided to the DG sets to mitigate the noise pollution. The location of the DG set and exhaust pipe height shall be as per the provisions of the Central Pollution Control Board (CPCB) norms.
- 11. For indoor air quality the ventilation provisions as per National Building Code of India.
- 3. Water quality monitoring and preservation:
  - 1. The natural drain system should be maintained for ensuring unrestricted flow of water. No construction shall be allowed to obstruct the natural drainage through the site, on wetland and water bodies. Check dams, bio-swales, landscape, and other sustainable urban drainage systems (SUDS) are allowed for maintaining the drainage pattern and to harvest rain water.
  - 2. Buildings shall be designed to follow the natural topography as much as possible. Minimum cutting and filling should be done.
  - 3. Total fresh water use shall not exceed the proposed requirement as provided in the project details.
  - 4. The quantity of fresh water usage, water recycling and rainwater harvesting shall be measured and recorded to monitor the water balance as projected by the project proponent. The record shall be submitted to the Regional Office, MoEF&CC along with six monthly Monitoring reports.
  - 5. A certificate shall be obtained from the local body supplying water, specifying the total annual water availability with the local authority, the quantity of water already

- committed, the quantity of water allotted to the project under consideration and the balance water available. This should be specified separately for ground water and surface water sources, ensuring that there is no impact on other users.
- 6. At least 20% of the open spaces as required by the local building bye-laws shall be pervious. Use of Grass pavers, paver blocks with at least 50% opening, landscape etc. would be considered as pervious surface.
- 7. Installation of dual pipe plumbing for supplying fresh water for drinking, cooking and bathing etc and other for supply of recycled water for flushing, landscape irrigation car washing, thermal cooling, conditioning etc. shall be done.
- 8. Use of water saving devices/ fixtures (viz. low flow flushing systems; use of low flow faucets tap aerators etc) for water conservation shall be incorporated in the building plan.
- 9. Use of water saving devices/ fixtures (viz. low flow flushing systems; use of low flow faucets tap aerators etc) for water conservation shall be incorporated in the building plan.
- 10. Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices referred.
- 11. The local bye-law provisions on rain water harvesting should be followed. If local byelaw provision is not available, adequate provision for storage and recharge should be followed as per the Ministry of Urban Development Model Building Byelaws, 2016. Rain water harvesting recharge pits/storage tanks shall be provided for ground water recharging as per the CGWB norms.
- 12. A rain water harvesting plan needs to be designed where the recharge bores of minimum one recharge bore per 5,000 square meters of built up area and storage capacity of minimum one day of total fresh water requirement shall be provided. In areas where ground water recharge is not feasible, the rain water should be harvested and stored for reuse. The ground water shall not be withdrawn without approval from the Competent Authority.
- 13. All recharge should be limited to shallow aquifer.
- 14. No ground water shall be used during construction phase of the project.
- 15. Any ground water dewatering should be properly managed and shall conform to the a approvals and the guidelines of the CGWA in the matter. Formal approval shall be taken from the CGWA for any ground water abstraction or dewatering.
- 16. The quantity of fresh water usage, water recycling and rainwater harvesting shall be measured and recorded to monitor the water balance as projected by the project proponent. The record shall be submitted to the Regional Office, MoEF&CC along with six monthly Monitoring reports.
- 17. Sewage shall be treated in the STP with tertiary treatment. The treated effluent from STP shall be recycled/re-used for flushing, AC make up water and gardening. As proposed, not related water shall be disposed in to municipal drain.
- 18. No sewage or untreated effluent water would be discharged through storm water drains.
- 19. Onsite sewage treatment of capacity of treating 100% waste water to be installed. The installation of the Sewage Treatment Plant (STP) shall be certified by an independent expert and a report in this regard shall be submitted to the Ministry before the project is commissioned for operation. Treated waste water shall be reused on site for landscape, flushing, cooling tower, and other end-uses. Excess treated water shall be discharged as per statutory norms notified by Ministry of Environment, Forest and Climate Change. Natural treatment systems shall be promoted.

- 20. Periodical monitoring of water quality of treated sewage shall be conducted. Necessary measures should be made to mitigate the odor problem from STP.
- 21. Sludge from the onsite sewage treatment, including septic tanks, shall be collected, conveyed and disposed as per the Ministry of Urban Development, Centre Public Health and Environmental Engineering Organization (CPHEEO) Manual on Sewerage and Sewage Treatment Systems, 2013.

#### 4. Noise monitoring and prevention:

- 1. Ambient noise levels shall conform to residential area/commercial area/industrial area/silence zone both during day and night as per Noise Pollution (Control and Regulation) Rules, 2000. Incremental pollution loads on the ambient air and noise quality shall be closely monitored during construction phase. Adequate measures shall be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB / SPCB.
- 2. Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.
- 3. Acoustic enclosures for DG sets, noise barriers for ground-run bays, ear plugs for operating personnel shall be implemented as mitigation measures for noise impact due to ground sources.

#### 5. Energy Conservation measures:

- 1. Compliance with the Energy Conservation Building Code (ECBC) of Bureau of Energy Efficiency shall be ensured. Buildings in the States which have notified their own ECBC, shall comply with the State ECBC.
- 2. Outdoor and common area lighting shall be LED.
- 3. Concept of passive solar design that minimize energy consumption in buildings by using design elements, such as building orientation, landscaping, efficient building envelope, appropriate fenestration, increased day lighting design and thermal mass etc. shall be incorporated in the building design. Wall, window, and roof u-values shall be as per ECBC specifications.
- 4. Energy conservation measures like installation of CFLs/ LED for the lighting the area outside the building should be integral part of the project design and should be in place before project commissioning.
- 5. Solar, wind or other Renewable Energy shall be installed to meet electricity generation equivalent to 1% of the demand load or as per the state level/ local building bye-laws requirement, whichever is higher.
- 6. Solar power shall be used for lighting in the apartment to reduce the power load on grid. Separate electric meter shall be installed for solar power. Solar water heating shall be provided to meet 20% of the hot water demand of the commercial and institutional building or as per the requirement of the local building bye-laws, whichever is higher. Residential buildings are also recommended to meet its hot water demand from solar water heaters, as far as possible.

#### 6. Waste Management:

- 1. A certificate from the competent authority handling municipal solid wastes, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project shall be obtained.
- 2. Disposal of muck during construction phase shall not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general

- safety and health aspects of people, only in approved sites with the approval of competent authority.
- 3. Separate wet and dry bins must be provided in each unit and at the ground level for facilitating segregation of waste. Solid waste shall be segregated into wet garbage and inert materials.
- 4. Organic waste compost/ Vermiculture pit/ Organic Waste Converter within the premises with a minimum capacity of 0.3 kg /person/day must be installed.
- 5. All non-biodegradable waste shall be handed over to authorized recyclers for which a written tie up must be done with the authorized recyclers.
- 6. Any hazardous waste generated during construction phase, shall be disposed off as per applicable rules and norms with necessary approvals of the State Pollution Control Board.
- 7. Use of environment friendly materials in bricks, blocks and other construction materials, shall be required for at least 20% of the construction material quantity. These include Fly Ash bricks, hollow bricks, AACs, Fly Ash Lime Gypsum blocks, Compressed earth blocks, and other environment friendly materials.
- 8. Fly ash should be used as building material in the construction as per the provision of Fly Ash Notification of September, 1999 and amended as on 27th August, 2003 and 25<sup>th</sup> January, 2016. Ready mixed concrete must be used in building construction.
- 9. Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the Construction and Demolition Rules, 2016.
- 10. Used CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/ rules of the regulatory authority to avoid mercury contamination.

#### 7. Green Cover:

- 1. No tree can be felled/transplant unless exigencies demand. Where absolutely necessary, tree felling shall be with prior permission from the concerned regulatory authority. Old trees should be retained based on girth and age regulations as may be prescribed by the Forest Department. Plantations to be ensured species (cut) to species (planted).
- 2. A minimum of 1 tree for every 80 sqm of land should be planted and maintained. The existing trees will be counted for this purpose. The landscape planning should include plantation of native species. The species with heavy foliage, broad leaves and wide canopy cover are desirable. Water intensive and/or invasive species should not be used for landscaping.
- 3. Where the trees need to be cut with prior permission from the concerned local Authority, compensatory plantation in the ratio of 1:10 (i.e. planting of 10 trees for every 1 tree that is cut) shall be done and maintained. Plantations to be ensured species (cut) to species (planted). Area for green belt development shall be provided as per the details provided in the project document.
- 4. Topsoil should be stripped to a depth of 20 cm from the areas proposed for buildings, roads, paved areas, and external services. It should be stockpiled appropriately in designated areas and reapplied during plantation of the proposed vegetation on site.

#### 8. Transport:

- A comprehensive mobility plan, as per MoUD best practices guidelines (URDPFI), shall be prepared to include motorized, non-motorized, public, and private networks. Road should be designed with due consideration for environment, and safety of users. The road system can be designed with these basic criteria.
  - a. Hierarchy of roads with proper segregation of vehicular and pedestrian traffic.
  - b. Traffic calming measures.

- c. Proper design of entry and exit points.
- d. Parking norms as per local regulation.
- 2. Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards be operated only during non-peak hours.
- 3. A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 05 Kms radius of the site in different scenarios of space and time and the traffic management plan shall be duly validated and certified by the State Urban Development department and the P.W.D./ competent authority for road augmentation and shall also have their consent to the implementation of components of the plan which involve the participation of these departments.

#### 9. Human health issues:

- 1. All workers working at the construction site and involved in loading, unloading, carriage of construction material and construction debris or working in any area with dust pollution shall be provided with dust mask.
- 2. For indoor air quality the ventilation provisions as per National Building Code of India.
- 3. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- 4. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- 5. Occupational health surveillance of the workers shall be done on a regular basis.
- 6. A First Aid Room shall be provided in the project both during construction and operations of the project.

#### 10. Corporate Environment Responsibility:

- 1. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
- 2. The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- 3. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- 4. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose.

Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.

#### 11. Miscellaneous:

- 1. The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of MoEFCC/SEIAA website where it is displayed.
- 2. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- 3. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- 4. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
- 5. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- 6. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- 7. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- 8. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
- 9. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
- 10. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- 11. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- 12. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- 13. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- 14. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed

- by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- 15. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Concealing factual data and information or submission of false/fabricated data and failure to comply with any of the conditions stipulated in the Prior Environmental Clearance attract action under the provision of Environmental (Protection) Act, 1986.

This Environmental Clearance is subject to ownership of the site by the project proponents in confirmation with approved Master Plan for G.B. Nagar. In case of violation; it would not be effective and would automatically be stand cancelled.

The project proponent has to ensure that the proposed site in not a part of any nodevelopment zone as required/prescribed/identified under law. In case of the violation this permission shall automatically deemed to be cancelled. Also, in the event of any dispute on ownership or land use of the proposed site, this Clearance shall automatically deemed to be cancelled.

Further project proponent has to submit the regular 6 monthly compliance report regarding general & specific conditions as specified in the E.C. letter and comply the provision of EIA notification 2006 (as Amended).

These stipulations would be enforced among others under the provisions of Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991 and EIA Notification, 2006 including the amendments and rules made thereafter.

Ref No. - 185933/UPPCB/Noida(UPPCBRO)/CTE/NOIDA/2023 Dated: - 28/06/2023

To,

Shri RAJAT PATHAK

M/s GODREJ PROPERTIES LTD

Group Housing Complex at Plot No. GH-01A, Sector-146, Noida, Uttar Pradesh, GAUTAM BUDDHA NAGAR, 201301

**NOIDA** 

Sub: Consent to Establish for New Unit/Expansion/Diversification under the provisions of Water (Prevention and control of pollution) Act, 1974 as amended and Air (Prevention and control of Polution) Act, 1981 as amended.

Please refer to your Application Form No.- 21512968 dated - 06/06/2023. After examining the application with respect to pollution angle, Consent to Establish (CTE) is granted subject to the compliance of following conditions:

- 1. Consent to Establish is being issued for following specific details :
  - A- Site along with geo-coordinates:
  - B- Main Raw Material:

Main Raw Material Details		
Name of Raw Material	Raw Material Unit Name	Raw Material Quantity
It is a Building construction project	Metric Tonnes/Day	0

#### C- Product with capacity:

Product Detail		
Name of Product	Product Quantity	
Group Housing Project		
Plot Area 25000 sqm & Built-up Area 267596 sqm		

#### D- By-Product if any with capacity:

By Product Detail			
Name of By Product Unit Name Licence Product Capacity Install Product Capacity			Install Product Capacity
It is a Building construction project	Metric Tonnes/Day	0	0

#### 2. Water Requirement (in KLD) and its Source :

	<b>Source of Water Details</b>	
Source Type	Name of Source	Quantity (KL/D)
Municipal Supply	NOIDA Authority	618.0

3. Quantity of effluent (ln KLD):

Effluent Details		
Source Consumption	Quantity (KL/D)	
Domestic	366.0	
aaa	187.0	
aaa	45.0	
aaa	10.0	
aaa	10.0	

4. Fuel used in the equipment/machinery Name and Quantity (per day):

Fuel Consumption Details		
Fuel	Consumption(tpd/kld)	Use

For any change in above mentioned parameters, it will be mandatory to obtain Consent to Establish again. No further expansion or modification in the plant shall be carried out without prior approval of U.P. Pollution Control Board.

For any change in above mentioned parameters, it will be mandatory to obtain Consent to Establish again. No further expansion or modification in the plant shall be carried out without prior approval of U.P. Pollution Control Board.

- 2. You are directed to furnish the progress of Establishment of plant and machinery, green belt, Effluent Treatment Plant and Air pollution control devices, by 10th day of completion of subsequent quarter in the Board.
- 3. Copy of the work order/purchase order, regarding instruction and supply of proposed Effluent Treatment Plant/Sewerage Treatment Plant /Air Pollution control System shall be submitted by the industry till 27/06/2028 to the Board.
- 4. Industry will not start its operation, unless CTO is obtained under water (Prevention and control of Pollution) Act, 1974 and Air (Prevention and control of Pollution)Act, 1981 from the Board.
- 5. It is mandatory to submit Air and Water consent Application, complete in all respect, four months before start of operation, to the U.P. Pollution Control Board.
- 6. Legal action under water (Prevention and control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981 may be initiated against the industry With out any prior information, in case of non compliance of above conditions.

#### **Specific Conditions:**

- 1. This consent to establish is valid for the development of Group Housing Project at Plot No. GH-01A, Sector-146, Noida, GAUTAM BUDDHA NAGAR by M/s GODREJ PROPERTIES LTD.. The total plot area is 25000 sqmt and proposed built-up area is 267596 sqmt. The Project shall be constructed as per approved map from the competent authority. In case of any change in capacity, the project will have to intimate the Board. For any enhancement of the above, fresh Consent to Establish has to be obtained from U.P. State Pollution Control Board. PP shall strictly implement the Pollution mitigating measures issued by the Hon'ble Supreme Court/National Green Tribunal (NGT), CPCB, EPCA, UPPCB, MOEF etc. time to time besides daily water sprinklers & use of anti smog gun and PTZ cameras at the project during construction period. Registration and compliance in the Dustapp portal must also be ensured before allowing the extension.
- 2. Unit shall comply with Uttar Pradesh Groundwater (Management and Regulation) Act 2019. If the project fails to comply with this condition then this consent shall automatically stand revoked.
- 3. The Project shall comply the provisions of Environment (Protection) Act 1986, Water (Prevention and Control of Pollution) Act, 1974 as amended, Air (Prevention and Control of Pollution) Act, 1981 as amended. The Project shall comply the provisions of Construction & Demolition Rules 2016 & MSW Rules 2016.
- 4. The unit shall comply with the various provisions of notification no G.S.R 94(E) dated 25-01-2018 issued by the Ministry of Environment, Forest and Climate Change and the conditions imposed in the Environmental Clearance issued by the competent authority vide letter dated 13-04-2016.
- 5. As per Project Report the, 618 KLD water (366 KLD Fresh Water and 442 KLD Treated Water) will be required for domestic purposes. Water supply will be taken from NOIDA Authority. Project shall install STP of capacity 700 KLD for treatment of domestic effluent 491 KLD. Project shall ensure the compliance of Environment standards as per Environment (protection) Act 1986. Maximum quantity of treated water shall be used in gardening /flushing. The Unit will ensure the continuous and uninterrupted data supply from the OCEEMS to the CPCB server. The unit will follow the CPCB Guidelines for Utilization of Treated Effluent in Irrigation available in the CPCB web portal.
- 6. At the project site a display board size 4x6 feet shall be installed to display the provisions of Construction and Demolition Rules 2016.
- 7. The Project shall develop proper green belt and rain water harvesting system as per Authority guidelines. For green belt at least 8 feet height plants should be planted which shall be properly protected as proper irrigation and manuring arrangements shall be made. For the development of the green belt the guidelines issued vide Board office order no. H10405/220/2018/02 Dt. 16-02-2018 shall be complied.
- 8. The Project shall comply the provisions of notification dt. 07-10-2016 of Ministry of Water Resources, River Development and Ganga Conservation GOI.
- 9. The Project shall abide by directions given by Hon'ble Supreme Court, High Court, National Green Tribunals, Central Pollution Control Board and Uttar Pradesh Pollution Control Board for protection and safeguard of environment from time to time.
- 10. The Project shall install 2x2250 KVA DG Set and 4x2000 KVA DG Set along with the minimum stack and APCS as specified in E.P Rules 1986 with adequate acoustic enclosures on each DG sets. Under the Noise Pollution (Regulation and Control) Rule 2000, the project shall take adequate measures for control of noise from its own sources within the premises so as to maintain ambient air quality standards in respect of noise to less than 75 dB(A) during day time and 70 dB(A). Project shall use clean fuel as far as possible.
- 11. The Project shall not establish Hot Mix/Ready Mix/Wet Mix Plant without prior permission of Board. All construction activities shall be according to authority guidelines.
- 12. The Project shall not start gaseous emission & sewage generation without prior consent of the Board.
- 13. The project shall ensure the time bound compliance of proposal submitted regarding stringent norms as published by the UPPCB vide office memorandum no.H48273/C-1/NGT-83/2020, dt. 27-02-2020 (available at URL uppcb.com / pdf/ uppcb\_28022020.pdf) in compliance of the Hon'ble NGT order dt. 14.11.2019 in O.A.No.1038/2018.
- 14. The dust emission from the construction sites will be completely controlled and all precautions including Anti-smog guns as per order of Hon'ble Supreme Court dated 13-01-2020 will be installed in the site at suitable places.
- 15. The Project shall dispose the Hazardous Waste through authorized recyclers/ TSDF.
- 16. The Project shall not use ground water in construction activities. Only STP treated water shall be used.
- 17. The Unit will put tarpaulin scaffolding around the area of construction and the building for effective and efficient control of dust emission generated during construction of the project.
- 18. Storage of any construction material particularly sand will not be done on any part of street and roads in the projects area. The construction material of any kind stored on site will be fully covered

in all respect so that it does not disperse in the air in any form. The dust emission from the construction sites will be completely controlled and all precautions will be taken in that behalf.

- 19. All the construction material & debris will be carried in trucks or vehicles which are fully covered and protected so as to ensure that the construction debris or construction material does not get dispersed into the air or atmosphere in any form whatsoever.
- 20. The vehicles carrying construction debris or construction material of any kind will be cleaned before it is permitted to ply on the road after unloading of such material.
- 21. Every worker working on the construction site and involved in loading, unloading and carriage of construction debris or construction material shall be provided with mask to prevent inhalation of dust particle.
- 22. All medical aid, investigation and treatment will be provided to the workers involved in the construction of building and carrying of construction of building and carrying of construction debris or construction material related to dust emission.
- 23. The transportation of construction material and debris waste to construction site, dumping site or any other place will be carried out in accordance with rules.
- 24. Fixing of sprinklers and creation of green air barriers will be done to control fugitive dust emission and improve environment.
- 25. Compulsory use of wet jet in grinding and stone cutting will be practiced.
- 26. Wind breaking wall will be constructed around the construction site.
- 27. All approach roads & in campus roads should be sprinkled with water to suppress the dust emission.
- 28. In case of violation of above mentioned conditions or any public complaint the consent to establish shall be withdrawn in accordance with law.
- 29. The project shall submit first compliance report with respect to conditions imposed within 30 days of issue of this permission.
- 30. Unit shall establish Miyawaki forest as per the GO no. 1011/81-7-2021-09(rit)/2016 dated
- 13.10.2021 of Deptt. of Environment, forest and climate change and BG of Rs. 50,000/- be deposited within a months time along with the proposal for proposed plantation.
- 31.Unit shall comply with the CAQM (Commission for Air Quality Management in NCR and Adjoining Areas) direction no. 53 and 62 and other direction issued time to time regarding use of cleaner fuel.
- 32.Unit shall comply with the CAQM (Commission for Air Quality Management in NCR and Adjoining Areas) direction no. 55 regarding DG sets.
- 33.Unit shall operate and maintain/upgrade the air pollution control device in such manner that emission should be as per norms prescribed by CAQM.
- 34. For operation of DG sets during GRAP period unit shall comply with CAQM direction no. 55 and 68.
- 35. The validity of this CTE shall be the subject to the grant of Environmental Clearance and its validity period to the project by competent authority.
- 36. A Bank Guarantee of Rs. 10,00,000/- (Rs Ten lacs only) shall be submitted within 30 days including the above condition nos.1,2,4,5,7,10,11,13,14,16,17, 18 and 30 to 35 which will be valid for two year otherwise this consent to establish shall be deemed to be withdrawn

Please note that consent to Establish will be revoked, in case of, non compliance of any of the above mentioned conditions. Board reserves its right for amendment or cancellation of any of the conditions specified above. Industry is directed to submit its first compliance report regarding above mentioned specific and general conditions till 28/07/2023 in this office. Ensure to submit the regular compliance report otherwise this Consent to Establish will be revoked.

CEO C-1.

Dated: - 28/06/2023

## मिशन LiFE - पर्यावरण के लिए जीवन शैली

#### (Lifestyle For Environment ) जनसहभागिता का सन्देश

- स्वच्छता देशसेवा में अपने परिवेश की स्वच्छता हेतु अपना सक्रिय योगदान सुनिश्चित करें
- संकल्प लें -एकल उपयोग प्लास्टिक उत्पाद जैसे कप, तश्तरी, चम्मच, स्ट्रॉ, ईयरबड्स आदि का उपयोग न हो एवं पर्यावरण अनुकूल विकल्पों जैसे कागज/पत्तों से बने दोने या कटलरी को प्राथमिकता दी जाय |
- एकल उपयोग प्लास्टिक उत्पाद के प्रयोग को रोकने एवं प्लास्टिक बैग के बजाय कपड़े के थैले का उपयोग करने मात्र से 375 मिलियन टन ठोस (प्लास्टिक) कचरे का उत्सर्जन बचाया जा सकता है
- चक्रीय अर्थव्यवस्था (सर्कुलर इकोनॉमी) का समुचित कार्यान्वयन वर्ष 2030 तक लगभग 14 लाख करोड़ रुपये की अतिरिक्त बचत उत्पन्न कर सकता है | वेस्ट /अपशिष्ट फेकने के पूर्व सोचें, ये किसी का संसाधन तो नहीं ...?
- अनुपयोगी इलेक्ट्रिक / इलेक्ट्रॉनिक उत्पाद को कचरे में फेकने से रुकें | इसके उपयुक्त निस्तारण हेतु इसे प्राधिकृत ई वेस्ट रीसाइकलर को दें | प्राधिकृत ई-रीसाइक्लिंग इकाई में अनुपयोगी इलेक्ट्रिक / इलेक्ट्रॉनिक उत्पाद को देने मात्र से 0.75 मिलियन टन तक ई-कचरे का पुनर्चक्रण किया जा सकता है एवं ई-कचरे के विषम पर्यावरणीय दुष्प्रभाव से बचा जा सकता है
- बाहर जाते समय सोचें िक क्या आपको वास्तव में परिवहन की आवश्यकता है वह भी क्या व्यक्तिगत रूप से ?
   छोटी दूरी के लिए पैदल चलना पसंद करें, अथवा सम्भव हो तो कार पूल के रूप में संसाधन को साझा करें अथवा सार्वजनिक परिवहन पर विचार करें
- घरेलू स्तर पर कम से कम ठोस अपशिष्ट का उत्सर्जन करें और इनका प्र्थाक्कीकरण करें
- उपयोगी शेष खाद्य सामग्री आपके स्वयं प्रयास अथवा निकटस्थ सक्रिय स्वयं सेवी संस्थाओं की सहायता से समाज के वंचित वर्ग तक पहुंचाई जा सकती है | वहीं अनुपयोगी भोजन /खाद्य सामग्री को कंपोस्ट (वर्मी कम्पोस्ट) करने से 15 अरब टन भोजन को नष्ट होने से बचाया जा सकता है
- ध्यान रखें उपयुक्त नल और शावर के उपयोग से पानी की खपत को 30 40% तक कम किया जा सकता है। एवं उपयोग में न होने पर नलों को बंद रखने मात्र से 9 ट्रिलियन लीटर पानी बचाया जा सकता है
- ट्रैफिक लाइट/रेलवे क्रॉसिंग पर कार/स्कूटर के इंजन बंद करने मात्र से 22.5 बिलियन kWh तक ऊर्जा की बचत हो सकती है
- परम्परागत बल्ब के स्थान पर CFL का उपयोग बिजली की खपत में प्रभावी कमी लाते हैं | उपयोग में न होने पर बिजली उपकरणों को बंद करें | स्टार रेटेड विद्युत उपकरणों के उपयोग को प्राथमिकता दें

हमारे द्वारा अपनी जीवन शैली की प्राथमिकताओं का उचित और पर्यावरण अनुकूल पुनर्निर्धारण समाज और पर्यावरण के प्रति हमारा दायित्व है |

Dated: 13/05/2023

#### TO WHOMSOEVER IT MAY CONCERN

SUBJECT: - Proof checking of drawings and design of proposed Group Housing Project at Plot No. GH-01A, Sec-146, Noida, U.P for M/s Godrej Properties Limited

This is to certify that the structural design and drawings submitted by M/s Godrej Properties Limited for the proposed Group Housing Project at Plot No. GH-01A, Sec-146, Noida, U.P is approved as per the drawings enclosed and floor area details as per the table below.

s.NO	DESCRIPTION	FLOORS	AREA (SQMT)	AREA (SQFT)
1	Tower-1	2B+P+S+35	35363	380505.88
2	Tower-2	2B+P+S+35	33067	355800.92
3	Tower-3	2B.+P+S.+3.5	35363	380505.88
4	Tower-4	2B+P+S+35	36433	392019.08
5	Tower-5	2B+P+S+36	37416	402596.16
6	Community Centre/Club	2B+G+2	4463.3	48025.108
7	Convenience Shopping/Retail + Milk Booth	2B+G	1312.5	14122.5
8	Podium-1	P1	20000	215200
9	Podium-2	P2	20000	215200
10	Basement-1	B1	22000	236720
11	Basement-2	B2	22000	236720
12	Guard Room	G	25	269
13	Meter-Room	G	150	1614
	TOTAL		2,67,593	28,79,299

The structural deisgn and drawings of the above built-up Towers area have been checked and found to conform to with respect to the requirement of the Indian Standards, IS800:2007, IS 456:2000, IS 1893 (Part 1):2016, IS 13920:2016, and other relevant Indian Standard. All the stipulated load combinations (static and dynamic) in vertical and lateral directions have been incorporated into the analysis and the design. The design and drawing have been checked and are satisfactory for Seismic zone IV. Hence, they are approved.

The scope of this certificate is limited only to checking the structural design and drawings of the above-mentioned building, and IIT Guwahati assumes no responsibility for the compliance with local, state or national building byelaws or with any other legal requirements or of safety aspects during construction of the said building. All procedural/legal/operational matters, including geotechnical reports, SBC values, depth of foundation for what the structure was designed and architectural/functional details, will be the responsibility of the owner. It is expected to use specified material grades, proper quality control and construction practices. The assurance of quality control is outside the scope of this proof checking.

Any deviation from the approved layout, design and intended occupancy of the proposed building invalidates this certificate.

Domestic	366.0	
aaa	187.0	
aaa	45.0	
aaa	10.0	
aaa	10.0	

4. Fuel used in the equipment/machinery Name and Quantity (per day):

	Fuel Consumption Details				
Fuel	Consumption(tpd/kld)	Use			

For any change in above mentioned parameters, it will be mandatory to obtain Consent to Establish again. No further expansion or modification in the plant shall be carried out without prior approval of U.P. Pollution Control Board.

For any change in above mentioned parameters, it will be mandatory to obtain Consent to Establish again. No further expansion or modification in the plant shall be carried out without prior approval of U.P. Pollution Control Board.

- 2. You are directed to furnish the progress of Establishment of plant and machinery, green belt, Effluent Treatment Plant and Air pollution control devices, by 10th day of completion of subsequent quarter in the Board.
- 3. Copy of the work order/purchase order, regarding instruction and supply of proposed Effluent Treatment Plant/Sewerage Treatment Plant /Air Pollution control System shall be submitted by the industry till 27/06/2028 to the Board.
- 4. Industry will not start its operation, unless CTO is obtained under water (Prevention and control of Pollution) Act, 1974 and Air (Prevention and control of Pollution)Act, 1981 from the Board.
- 5. It is mandatory to submit Air and Water consent Application, complete in all respect, four months before start of operation, to the U.P. Pollution Control Board.
- 6. Legal action under water (Prevention and control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981 may be initiated against the industry With out any prior information, in case of non compliance of above conditions.

#### **Specific Conditions:**

- 1. This consent to establish is valid for the development of Group Housing Project at Plot No. GH-01A, Sector-146, Noida, GAUTAM BUDDHA NAGAR by M/s GODREJ PROPERTIES LTD.. The total plot area is 25000 sqmt and proposed built-up area is 267596 sqmt. The Project shall be constructed as per approved map from the competent authority. In case of any change in capacity, the project will have to intimate the Board. For any enhancement of the above, fresh Consent to Establish has to be obtained from U.P. State Pollution Control Board. PP shall strictly implement the Pollution mitigating measures issued by the Hon'ble Supreme Court/National Green Tribunal (NGT), CPCB, EPCA, UPPCB, MOEF etc. time to time besides daily water sprinklers & use of anti smog gun and PTZ cameras at the project during construction period. Registration and compliance in the Dustapp portal must also be ensured before allowing the extension.
- 2. Unit shall comply with Uttar Pradesh Groundwater (Management and Regulation) Act 2019. If the project fails to comply with this condition then this consent shall automatically stand revoked.
- 3. The Project shall comply the provisions of Environment (Protection) Act 1986, Water (Prevention and Control of Pollution) Act, 1974 as amended, Air (Prevention and Control of Pollution) Act, 1981 as amended. The Project shall comply the provisions of Construction & Demolition Rules 2016 & MSW Rules 2016.
- 4. The unit shall comply with the various provisions of notification no G.S.R 94(E) dated 25-01-2018 issued by the Ministry of Environment, Forest and Climate Change and the conditions imposed in the Environmental Clearance issued by the competent authority vide letter dated 13-04-2016.
- 5. As per Project Report the, 618 KLD water (366 KLD Fresh Water and 442 KLD Treated Water) will be required for domestic purposes. Water supply will be taken from NOIDA Authority. Project shall install STP of capacity 700 KLD for treatment of domestic effluent 491 KLD. Project shall ensure the compliance of Environment standards as per Environment (protection) Act 1986. Maximum quantity of treated water shall be used in gardening /flushing. The Unit will ensure the continuous and uninterrupted data supply from the OCEEMS to the CPCB server. The unit will follow the CPCB Guidelines for Utilization of Treated Effluent in Irrigation available in the CPCB web portal.
- 6. At the project site a display board size 4x6 feet shall be installed to display the provisions of Construction and Demolition Rules 2016.
- 7. The Project shall develop proper green belt and rain water harvesting system as per Authority guidelines. For green belt at least 8 feet height plants should be planted which shall be properly protected as proper irrigation and manuring arrangements shall be made. For the development of the green belt the guidelines issued vide Board office order no. H10405/220/2018/02 Dt. 16-02-2018 shall be complied.
- 8. The Project shall comply the provisions of notification dt. 07-10-2016 of Ministry of Water Resources, River Development and Ganga Conservation GOI.
- 9. The Project shall abide by directions given by Hon'ble Supreme Court, High Court, National Green Tribunals, Central Pollution Control Board and Uttar Pradesh Pollution Control Board for protection and safeguard of environment from time to time.
- 10. The Project shall install 2x2250 KVA DG Set and 4x2000 KVA DG Set along with the minimum stack and APCS as specified in E.P Rules 1986 with adequate acoustic enclosures on each DG sets. Under the Noise Pollution (Regulation and Control) Rule 2000, the project shall take adequate measures for control of noise from its own sources within the premises so as to maintain ambient air quality standards in respect of noise to less than 75 dB(A) during day time and 70 dB(A). Project shall use clean fuel as far as possible.
- 11. The Project shall not establish Hot Mix/Ready Mix/Wet Mix Plant without prior permission of Board. All construction activities shall be according to authority guidelines.
- 12. The Project shall not start gaseous emission & sewage generation without prior consent of the Board.
- 13. The project shall ensure the time bound compliance of proposal submitted regarding stringent norms as published by the UPPCB vide office memorandum no.H48273/C-1/NGT-83/2020, dt. 27-02-2020 (available at URL uppcb.com / pdf/ uppcb\_28022020.pdf) in compliance of the Hon'ble NGT order dt. 14.11.2019 in O.A.No.1038/2018.
- 14. The dust emission from the construction sites will be completely controlled and all precautions including Anti-smog guns as per order of Hon'ble Supreme Court dated 13-01-2020 will be installed in the site at suitable places.
- 15. The Project shall dispose the Hazardous Waste through authorized recyclers/ TSDF.
- 16. The Project shall not use ground water in construction activities. Only STP treated water shall be used.
- 17. The Unit will put tarpaulin scaffolding around the area of construction and the building for effective and efficient control of dust emission generated during construction of the project.
- 18. Storage of any construction material particularly sand will not be done on any part of street and roads in the projects area. The construction material of any kind stored on site will be fully covered

in all respect so that it does not disperse in the air in any form. The dust emission from the construction sites will be completely controlled and all precautions will be taken in that behalf.

- 19. All the construction material & debris will be carried in trucks or vehicles which are fully covered and protected so as to ensure that the construction debris or construction material does not get dispersed into the air or atmosphere in any form whatsoever.
- 20. The vehicles carrying construction debris or construction material of any kind will be cleaned before it is permitted to ply on the road after unloading of such material.
- 21. Every worker working on the construction site and involved in loading, unloading and carriage of construction debris or construction material shall be provided with mask to prevent inhalation of dust particle.
- 22. All medical aid, investigation and treatment will be provided to the workers involved in the construction of building and carrying of construction of building and carrying of construction debris or construction material related to dust emission.
- 23. The transportation of construction material and debris waste to construction site, dumping site or any other place will be carried out in accordance with rules.
- 24. Fixing of sprinklers and creation of green air barriers will be done to control fugitive dust emission and improve environment.
- 25. Compulsory use of wet jet in grinding and stone cutting will be practiced.
- 26. Wind breaking wall will be constructed around the construction site.
- 27. All approach roads & in campus roads should be sprinkled with water to suppress the dust emission.
- 28. In case of violation of above mentioned conditions or any public complaint the consent to establish shall be withdrawn in accordance with law.
- 29. The project shall submit first compliance report with respect to conditions imposed within 30 days of issue of this permission.
- 30. Unit shall establish Miyawaki forest as per the GO no. 1011/81-7-2021-09(rit)/2016 dated
- 13.10.2021 of Deptt. of Environment, forest and climate change and BG of Rs. 50,000/- be deposited within a months time along with the proposal for proposed plantation.
- 31.Unit shall comply with the CAQM (Commission for Air Quality Management in NCR and Adjoining Areas) direction no. 53 and 62 and other direction issued time to time regarding use of cleaner fuel.
- 32.Unit shall comply with the CAQM (Commission for Air Quality Management in NCR and Adjoining Areas) direction no. 55 regarding DG sets.
- 33.Unit shall operate and maintain/upgrade the air pollution control device in such manner that emission should be as per norms prescribed by CAQM.
- 34. For operation of DG sets during GRAP period unit shall comply with CAQM direction no. 55 and 68.
- 35. The validity of this CTE shall be the subject to the grant of Environmental Clearance and its validity period to the project by competent authority.
- 36. A Bank Guarantee of Rs. 10,00,000/- (Rs Ten lacs only) shall be submitted within 30 days including the above condition nos.1,2,4,5,7,10,11,13,14,16,17, 18 and 30 to 35 which will be valid for two year otherwise this consent to establish shall be deemed to be withdrawn

Please note that consent to Establish will be revoked, in case of, non compliance of any of the above mentioned conditions. Board reserves its right for amendment or cancellation of any of the conditions specified above. Industry is directed to submit its first compliance report regarding above mentioned specific and general conditions till 28/07/2023 in this office. Ensure to submit the regular compliance report otherwise this Consent to Establish will be revoked.

CEO C-1.

## मिशन LiFE - पर्यावरण के लिए जीवन शैली

#### (Lifestyle For Environment ) जनसहभागिता का सन्देश

- स्वच्छता देशसेवा में अपने परिवेश की स्वच्छता हेतु अपना सक्रिय योगदान सुनिश्चित करें
- संकल्प लें -एकल उपयोग प्लास्टिक उत्पाद जैसे कप, तश्तरी, चम्मच, स्ट्रॉ, ईयरबड्स आदि का उपयोग न हो एवं पर्यावरण अनुकूल विकल्पों जैसे कागज/पत्तों से बने दोने या कटलरी को प्राथमिकता दी जाय |
- एकल उपयोग प्लास्टिक उत्पाद के प्रयोग को रोकने एवं प्लास्टिक बैग के बजाय कपड़े के थैले का उपयोग करने मात्र से 375 मिलियन टन ठोस (प्लास्टिक) कचरे का उत्सर्जन बचाया जा सकता है
- चक्रीय अर्थव्यवस्था (सर्कुलर इकोनॉमी) का समुचित कार्यान्वयन वर्ष 2030 तक लगभग 14 लाख करोड़ रुपये की अतिरिक्त बचत उत्पन्न कर सकता है | वेस्ट /अपशिष्ट फेकने के पूर्व सोचें, ये किसी का संसाधन तो नहीं ...?
- अनुपयोगी इलेक्ट्रिक / इलेक्ट्रॉनिक उत्पाद को कचरे में फेकने से रुकें | इसके उपयुक्त निस्तारण हेतु इसे प्राधिकृत ई वेस्ट रीसाइकलर को दें | प्राधिकृत ई-रीसाइक्लिंग इकाई में अनुपयोगी इलेक्ट्रिक / इलेक्ट्रॉनिक उत्पाद को देने मात्र से 0.75 मिलियन टन तक ई-कचरे का पुनर्चक्रण किया जा सकता है एवं ई-कचरे के विषम पर्यावरणीय दुष्प्रभाव से बचा जा सकता है
- बाहर जाते समय सोचें िक क्या आपको वास्तव में परिवहन की आवश्यकता है वह भी क्या व्यक्तिगत रूप से ?
   छोटी दूरी के लिए पैदल चलना पसंद करें, अथवा सम्भव हो तो कार पूल के रूप में संसाधन को साझा करें अथवा सार्वजनिक परिवहन पर विचार करें
- घरेलू स्तर पर कम से कम ठोस अपशिष्ट का उत्सर्जन करें और इनका प्र्थाक्कीकरण करें
- उपयोगी शेष खाद्य सामग्री आपके स्वयं प्रयास अथवा निकटस्थ सक्रिय स्वयं सेवी संस्थाओं की सहायता से समाज के वंचित वर्ग तक पहुंचाई जा सकती है | वहीं अनुपयोगी भोजन /खाद्य सामग्री को कंपोस्ट (वर्मी कम्पोस्ट) करने से 15 अरब टन भोजन को नष्ट होने से बचाया जा सकता है
- ध्यान रखें उपयुक्त नल और शावर के उपयोग से पानी की खपत को 30 40% तक कम किया जा सकता है। एवं उपयोग में न होने पर नलों को बंद रखने मात्र से 9 ट्रिलियन लीटर पानी बचाया जा सकता है
- ट्रैफिक लाइट/रेलवे क्रॉसिंग पर कार/स्कूटर के इंजन बंद करने मात्र से 22.5 बिलियन kWh तक ऊर्जा की बचत हो सकती है
- परम्परागत बल्ब के स्थान पर CFL का उपयोग बिजली की खपत में प्रभावी कमी लाते हैं | उपयोग में न होने पर बिजली उपकरणों को बंद करें | स्टार रेटेड विद्युत उपकरणों के उपयोग को प्राथमिकता दें

हमारे द्वारा अपनी जीवन शैली की प्राथमिकताओं का उचित और पर्यावरण अनुकूल पुनर्निर्धारण समाज और पर्यावरण के प्रति हमारा दायित्व है |

permissible ground cover and maximum permissible FAR is as follows:-

Maximum permissible Ground Coverage	35% For Plots Upto 40000 Sq. mtr.	
	40% For Plots above 40000 Sq. mtr.	
Maximum permissible FAR	3.5 For developing &	
	Underdeveloped Sectors	
Set backs	As per Building Bye-laws	
Maximum Height	No Limit	
Density (net of the pocket) (PPHA)	1650	

### CONSTRUCTION

- 1. The Lessee shall be required to complete the construction on allotted plot as per approved layout plan and get the occupancy certificate issued from Building Cell Department of the NOIDA in maximum 5 phases within a period of 7 years from the date of execution of lease deed. The lessee shall be required to complete the construction of minimum 15% of the total F.A.R. of the allotted plot as per approved layout plan and get temporary occupancy/completion certificate of the first phase accordingly issued from the building cell of the NOIDA within a period of three years from the date of execution of lease deed. In case the lessee does not complete the 1st phase of the project within the specified period of 03 years, extension charges on the pro-rata land shall be applicable as per the prevailing policy, at the time of grant of such extension
- 2. In case the Lessee does not construct building within the time provided including extension granted, if any, for above, the

allotment/ lease deed as the case may be, shall be liable to be cancelled. Lessee shall lose all rights to the allotted land and buildings appurtenant thereto."

- 3. All the peripheral/external development works as may be required to be carried out up to the allotted plot including construction of approach road, drains, culverts, electricity distribution/transmission lines, water supply, sewerage will be provided by the Lessor /Authority. However, all the expenses as may be required to connect these services with the internal system of services of plot shall be incurred by the Lessee.
- 4. (i)Without prejudice to the Authority's right of cancellation, the extension of time for the completion of Project, can be extended for a maximum period of another thirteen years only with penalty as under:

Time Extension Charges for 1 <sup>st</sup> Phase of Cons	truction on
Proportionate Area	
For 1st Year	0%
For 2 <sup>nd</sup> Year	0%
For 3 <sup>rd</sup> Year	0%
For 4 <sup>th</sup> Year (first year after the specified period of three years)	1%
For 5 <sup>th</sup> Year	2%
For 6 <sup>th</sup> Year	3%
For 7 <sup>th</sup> Year	4%

### **MORTGAGE**

The mortgage permission shall be granted (where the plot is not cancelled or any show cause notice is not served) in favour of a scheduled Bank/Govt. organization/financial institution approved by the Reserve Bank of India for the purpose of raising resources, for construction on the allotted plot. The Lessee/sub-lessee(s) should have valid time period for construction as per terms of the lease deed/ sub- lease deed or have obtained valid extension of time for construction and should have cleared upto-date dues of the plot premium and lease rent.

The Lessee/Sub-lessee(s) will submit the following documents:

- (a) Sanction letter of the scheduled Bank/Govt. organization/ financial institution approved by the Government of India.
- (b) An affidavit on non-judicial stamp paper of Rs. 10/- duly notarized stating that there is no unauthorized construction and commercial activities on the Residential Area (Group Housing)
- (c) Clearance of upto date dues of the LESSOR.

Provided that in the event of sale or foreclosure of the mortgaged/charged property the Authority shall be entitled to claim and recover such percentage, as decided by the Authority, of the unearned increase in values of properties in respect of the market value of the said land as first charge, having priority over the said mortgage charge, the decision of the Authority in respect of the market value of the said land shall be final and binding on all the parties concerned.

प्रमोद कुमार

Aug. . Su.A.

The Authority's right to the recovery of the unearned increase and the pre-emptive right to purchase the property as mentioned herein before shall apply equally to involuntary sale or transfer, be it bid or through execution of decree of insolvency/court.

Any change in the above shall be binding on the lessee/sub lessee.

### TRANSFER OF PLOTS

The allottee/lessee can transfer the whole plot and the buildings constructed thereon with the prior permission of NOIDA, after payment of transfer charges as per the prevailing policy of NOIDA. However, the lessor reserves the right to reject any such transfer application without assigning any reason whatsoever.

In addition to the transfer charges as per prevailing policy of NOIDA, the allottee/lessee shall also pay an amount of Rs, 1000/- towards the processing fees.

All the terms and conditions of the brochure, the allotment, the permission for grant of transfer, lease deed etc. shall be binding on the allottee/lessee, as well as the sub-lessee/transferees.

No transfer charges shall be applicable if build up space of Group Housing plot is transferred within two years from the date of issuing of the completion certificate by NOIDA. Thereafter, the transfer shall be payable on a pro-rata basis as applicable. In addition to the transfer charges, an amount of Rs. 1000/- shall also be payable against the processing fee. The allottee/lessee will be permitted to transfer the built-up space on the fulfillment of the following conditions: -

प्रमोद कुमार सहायक नौएडा 11

GODREJ PROPERTIES LTD.

or expedient for the purpose of searching for, working and obtaining removing and enjoying the same without providing or leaving any vertical support for the surface of the plot(s)/flats or for the structure time being standing thereon provided always, that the Lessor shall make reasonable compensation to the Lessee for all damages directly occasioned by exercise of the rights hereby reserved. The decision of the Chief Executive Officer/Authority on the amount of such compensation shall be final and binding on the lessee/sublessee.

### **MAINTENANCE**

- a) The lessee at his own expenses will take permission for sewerage, electricity and water connections from the concerned departments.
- b) That the lessee shall have to plan a maintenance program whereby the entire demised premises and buildings shall be kept: -
  - In a state of good and substantial repairs and in good sanitary condition to the satisfaction of the Lessor at all times.
  - And to make available required facilities as well as to keep surroundings in all times neat and clean, good healthy and safe conditions according to the convenience of the inhabitants of the place.
- c) That the lessee shall abide by all regulations, Bye-laws, Directions and Guidelines of the Authority framed/issued under section 8,9 and 10 or under any other provisions of U.P. Industrial Area Development Act 1976 and rules made therein.
- d) In case of non-compliance of terms and directions of Authority, the Authority shall have the right to impose such penalty as the Chief Executive Officer may consider just and expedient.
